The “Triade” Collection

Past, present and future, the three diamonds symbolising everlasting love.

August 2010

The three diamonds are symbols of multiple ideas: past, present and future love between two people, you, me and us to symbolise the three elements of a relationship, you, me and our child...

No matter how you read it, the three diamonds always spell love.

The Triade Collection offers many ways of symbolising a message of love. The trilogies are sometimes curved, sometimes straight, sometimes two golds, sometimes one. But they always embrace the three diamonds.

The collection:

Feminine Trilogy

Abyss Trilogy

Three Stone Firmament Ring

Bipolaire Trilogy

Fantasia Trilogy

Parenthèses Trilogy Earrings
